Bachelor of Science
Computer Science
2021-2025
Caleb University

Certifications:
Introduction to Cloud
Computing (2023)
Awarded by: IBM

CAREER SUMMARY

I am a Motivated and dedicated 2nd year university student pursuing a degree in Computer Science, with a passion for web development and a strong foundation in HTML, CSS, and JavaScript. I am currently seeking an internship position to further enhance skills, collaborate with other developers, and apply knowledge in a professional environment. Excited to expand expertise in cloud computing and explore opportunities in that field.

SKILLS

- Programming Languages: HTML, CSS, JavaScript (intermediate level)
- Web Development: Proficient in creating basic WebPages using HTML and CSS
- Collaboration: Demonstrated ability to work effectively in team environments, communicate ideas clearly, and contribute to collaborative projects
- Cloud Computing: Developing skills in storing objects on the cloud and leveraging cloud-based services
- Problem Solving: Strong analytical and problem-solving abilities, with a focus on finding efficient and effective solutions
- Adaptability: Quick learner who can easily adapt to new technologies, tools, and programming languages
- Attention to Detail: Meticulous approach to coding, ensuring clean and organized code structure
- Communication: Excellent written and verbal communication skills, adept at explaining technical concepts to both technical and non-technical stakeholders

PROJECTS

1) **Creation of a Fully Functional Recipe Website** (2023)

- Implemented responsive design principles to ensure optimal user experience across different devices
- Utilized JavaScript to add interactivity to the website, including form validation and dynamic content updates
- Collaborated with a team of developers to divide tasks, coordinate efforts, and successfully deliver the project on time

2) **Cloud Computing (Ongoing):**

- Recently started learning cloud computing concepts and techniques.
- Acquired knowledge on how to store objects on the cloud using cloud storage services.
- Currently exploring cloud computing platforms such as Amazon Web Services (AWS) and Microsoft Azure.
